14 basic rays of the National Competence Solar Structure for national welfare.

Objective: *To create a system design where the nation thrives.*

- 1st **Activisation in the natural Universal Solar System** where the strongest heat and light source supports all life, leaving behind the dominance of the pyramidal (slaves, slave drivers, slave owners).
- 2nd **National Constitution** and its rules and laws passed – the Election Law, Agrarian Reform, Export Tariffs, foreign land property Nationalisation Law. **Abandonment of the political party power system.** Effectivisation of the state.
- 3rd State care **guaranteeing the resident welfare through the scientifically based computer program budget**, that provides basic security for everyone. **Social security. National population identification.**
- 4th **Natioanl commercial bank restoration**, the independence status of the national currency updated, printed on the territory of the Nation. Bretton Woods 2 international agreement.
- 5th **Environmental and military protection of the nation.** Realisation of the existential threats. Negotiations and contracts with the military and global power structures.
- 6th **Peace, harmony, balance.** Balance between the internal and external. Harmony is in peace within ourselves and with the others, in self-sufficiency and unity, as well as in the understanding and acceptance, where fear, manipulation and lies are left within the filter
- 7th **National health and existence.** National programs for **return to the homeland and rehabilitation** of the **nation**. National population recovery and growth.
- 8th **National ethnical culture league. National codex.** Conscious **Identity and Loyalty.** National culture as the center of the ethnical culture flower for all different ethnical resident groups of the nation.
- 9th **Nation´s land and property**, industrial and manufacturing sector **Inventory** and the use in the interests of the nation. National basic self-providing internal market and **labor market.**
- 10th Environmentally friendly modern **Energy and** responsible use of the **natural resources**, which ensures their protection even for future generations.
- 11th **Life Long Education Programme**, contributing to a rich spiritual world and providing an abundance of material goods, a thriving economy and favorable external markets.
- 12th Computer **Open Source Systems** program where each resident may leave recommendations for improving the system.
- 13th **National control and the state apparatus.** Structure that preserves National interests, principles, objectives, examines the mass media, controls government and parliamentary work, effectively providing for the national sovereign power to belong to the people of the Nation”.
- 14th **Love – of the country and the people.** I love myself /you / the world as the grass grows and your / the world´s love is filling me. Only the Nation loving have acces to decission levels in the territory of the Nation.

Rather a scientific solution.

The next level of Resource Based Economy

- Ecological + economical + social welfare
- Guaranties to cover basic needs with resources for each living system only if we get out of the current feudal economical systems

Existential Return to the Divine Laws of Nature

Necessity is urgent for the Existential Return to the Divine Laws of Nature, to the comeback of the cultures that are still in direct connection with the Nature force. Right now these cultures are being exterminated by the structures of the psychotic Corporate Global Systems. The sum of the errors created by the mind of the Corporate Global System is an evidence of absence of the Heart influence in it.

National State

[Sun Model](#)[Nation League](#)[Contact](#)[WE know](#)

National recovery concept for any nation

To stop the process of destruction of the nations, we are uniting the open minds and the warm hearts. This is a universal non-political program network to balance the resources of every nation to the well-being and independence. Experts are uniting in all basic fields: economists, lawyers, ecologists, farmers, programmers, statisticians, physicists, mathematicians, officers and generals, managers, philosophers, psychologists and psychiatrists, doctors ... – But for the structurisation of the System first those who think systemically and have capacity to see how to restructure the system itself.

Lai apstādinātu tautas iznīcināšanas procesu, pulcējam gudros prātus un sildošas sirdis. Veidojam universālu **bezpārtejsku** programmu, kura sabalansēs Latvijas valsts resursus labklājībai un neatkarībai. Vajadzīgi speciālisti visās pamat-nozarēs: ekonomisti, juristi, dabaszinātnieki, mežziņi, programmētāji, statistiķi, fiziķi, matemātiķi, virsnieki un ģenerāļi, pārvaldnieki, filozofi, psihologi un psihiatri, mediķi ... – taču sistēmas izveides procesam tieši tie, kas **domā sistēmiski** un redz kādām sabiedrības struktūrām būtu jābūt.
